CFSB | COLORADO FEDERAL SAVINGS BANK
THE BUILDERS' BANK

A New Name, A New Chapter, Honoring Our Heritage

Introducing PF National Bank

PF NATIONAL BANK
TRUSTED HERITAGE. INNOVATIVE FUTURE.

We are pleased to share an important update about your bank

On or shortly after January 4, 2027, Colorado Federal Savings Bank will become PF National Bank and transition to a national bank charter. Along with the new name, you will see a new logo. This change represents the nationwide community we have served for years and the next chapter of the bank.

Serving customers nationwide

Since the bank began prioritizing its online offerings, we have provided competitive deposit accounts to customers across the country, and our nationwide reach and commitment to personal, responsive service will remain an important part of who we are no matter where you are.

What is changing and what is staying the same?

- **Our name, charter and brand will change.** On or shortly after January 4, 2027, our legal name will become PF National Bank, we will operate under a national bank charter, and our refreshed branding will appear on the website, mobile app and online.
- **Our website address will change** from www.coloradofederalbank.com to **www.PFNationalBank.com**.
- **Your security remains our top priority.** Please remember that we will never contact you by phone, email or text asking for your online banking credentials. If you receive a request for this information, it is not from us. Do not share your credentials with anyone. End the conversation immediately and contact our official customer service number.
- **Your account and routing number will not change.** You can continue using your existing account number and routing number.
- **Our commitment to customer service will not change.** We remain dedicated to helping you manage your banking needs with the personal support you have come to expect from our team. ***Our customer service number will remain unchanged as 877-484-2372.***

These changes do not require you to take any action to keep your existing account active. We will share any additional information you may need before January 4, 2027, through your online banking account.

We thank you for being a valued customer and for placing your trust in us. We look forward to continuing our relationship with you as PF National Bank.
